Dedicated to

Mr. Evan Eugene Austin

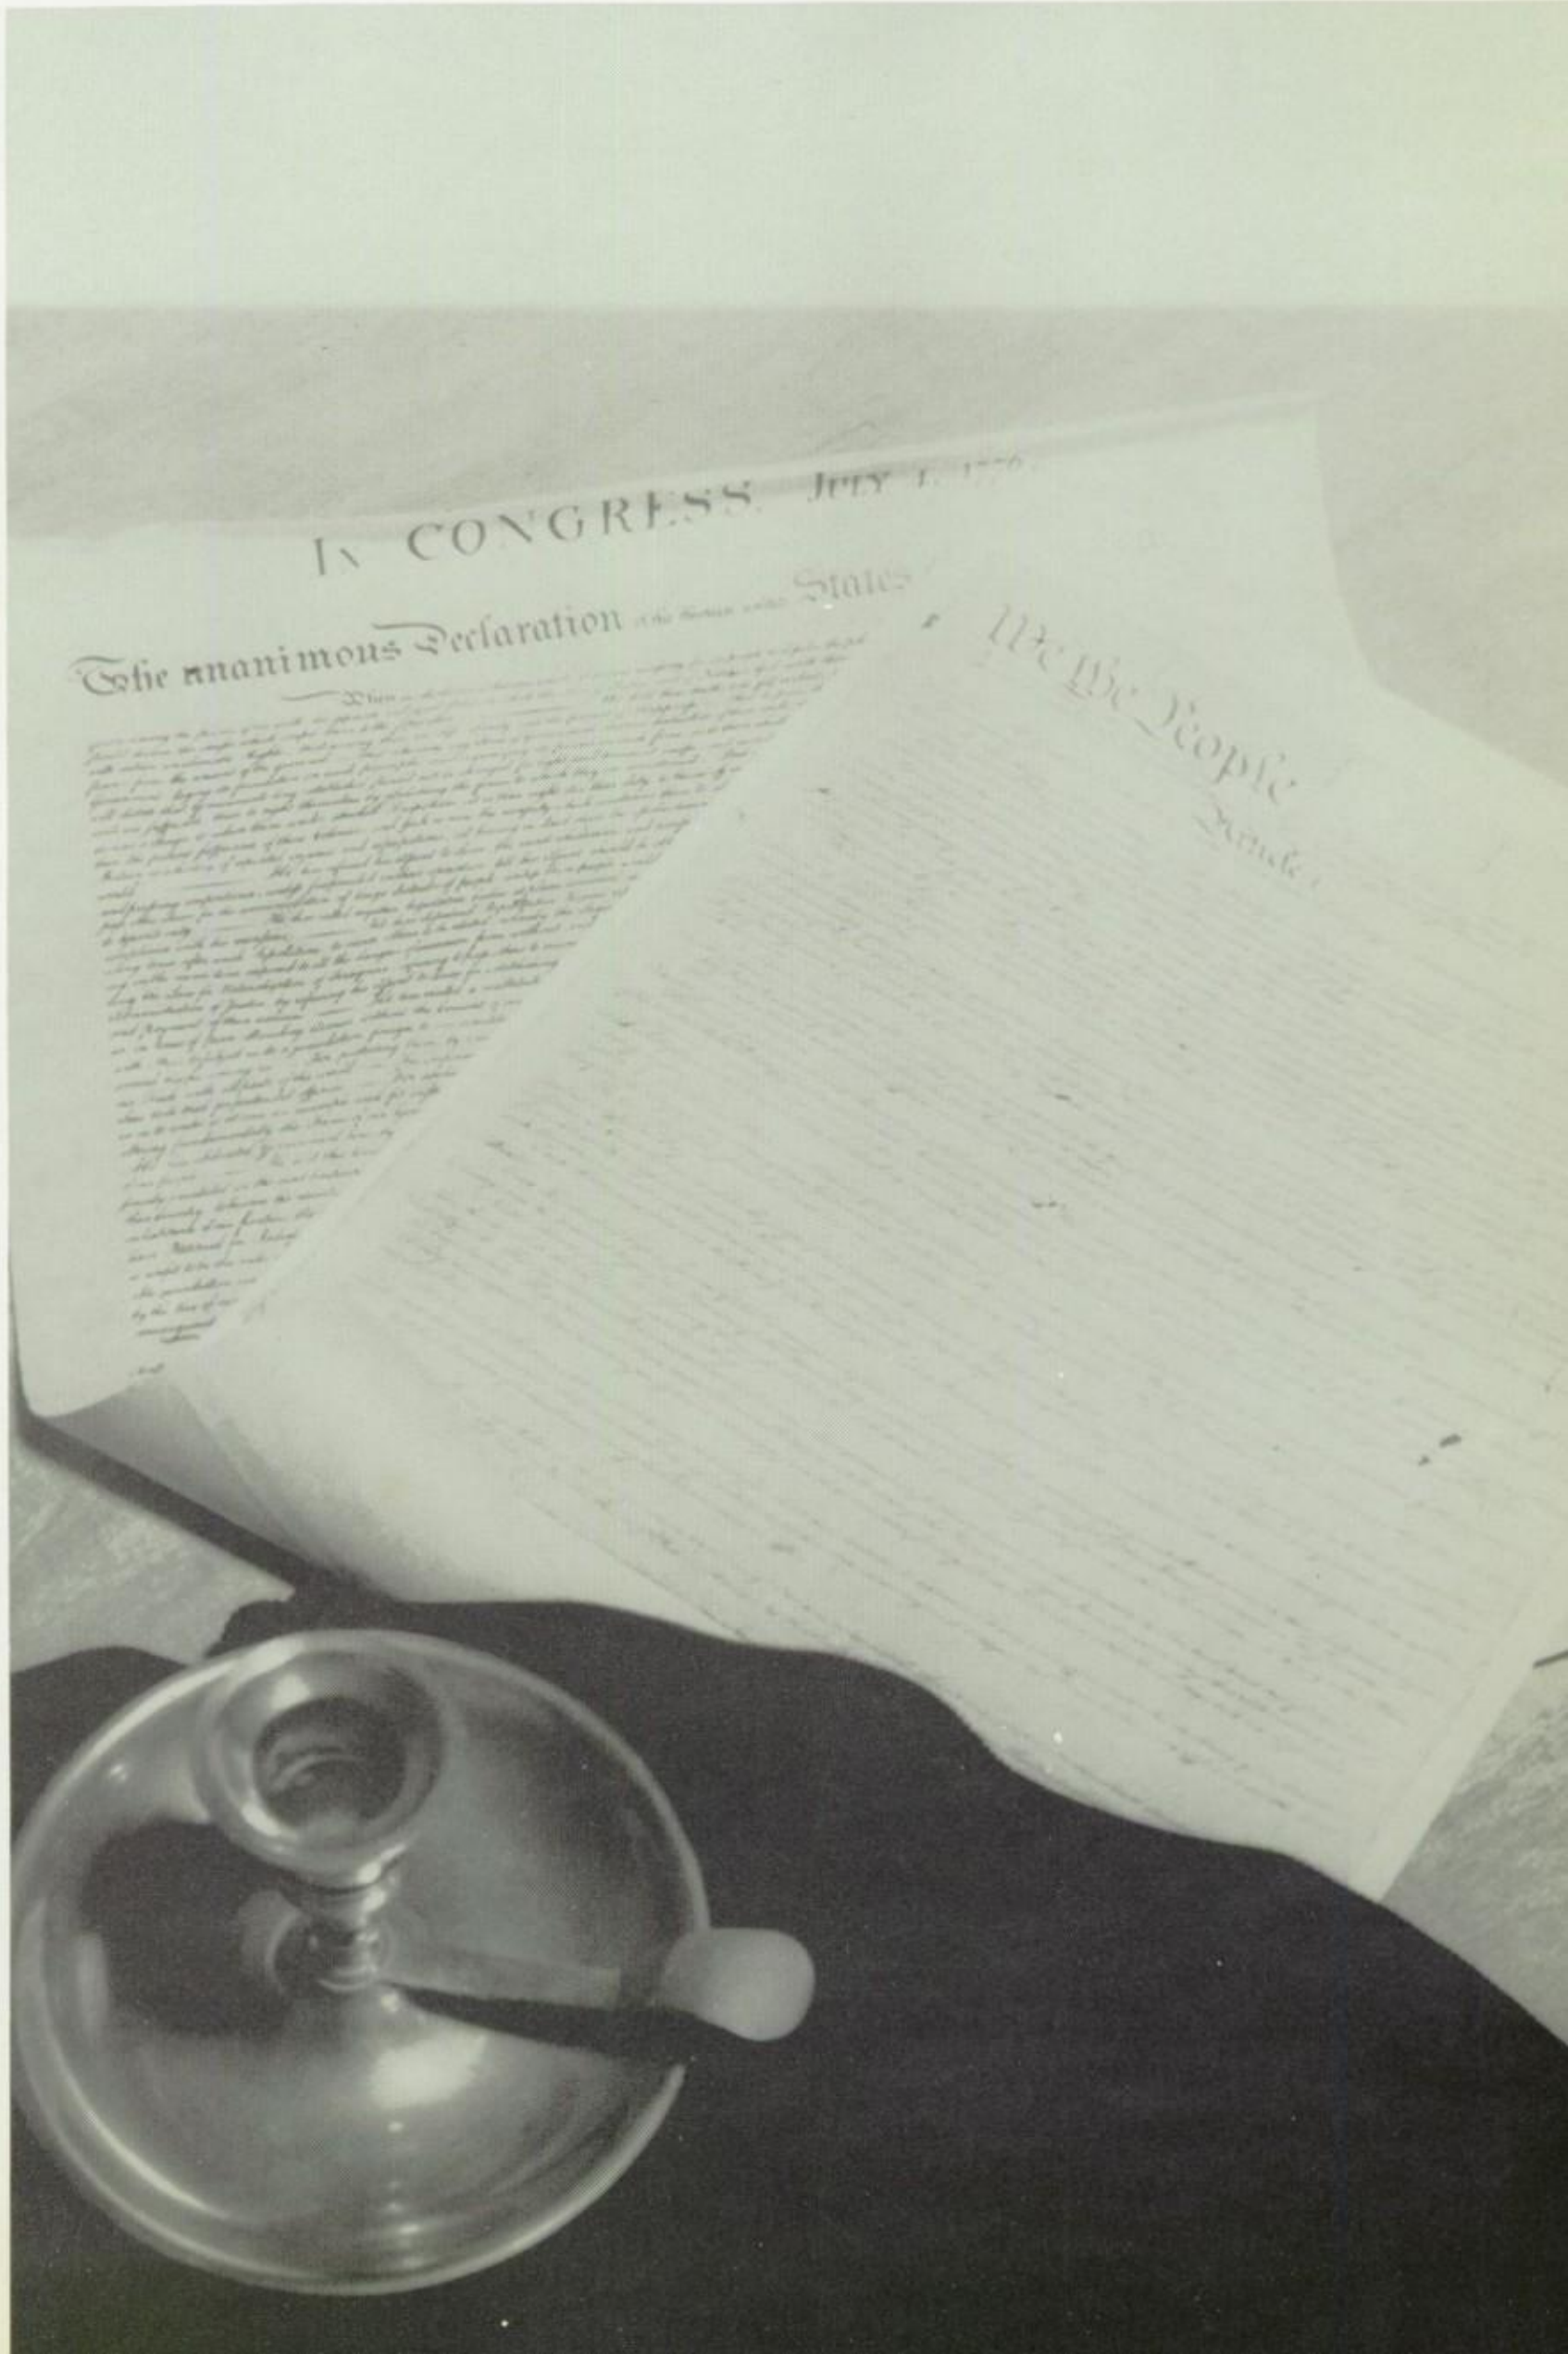
The student body of Quitman High School dedicates the 1963 Wolverine to Mr. Evan Eugene Austin for his devoted service and his deep regard for the students. He has been an inspiration to each and all.

In Appreciation of

Mr. J. D. Koonce

Superintendent J. D. Koonce has served long and well as superintendent of Jackson Parish Schools and in such other capacities as President of the Louisiana School Board Association and a member of the planning committee of the Southwest Regional Drive-In Conference. His patience and wisdom will bear fruit for many years to come.

ADMINISTRATION



MR. J. D. KOONCE, Superintendent of Jackson Parish Schools

Superintendent's Message

I am honored to have this opportunity of writing a message in the 1963 Wolverine.

The faculty and parents in the community are to be commended for their efforts to provide excellent facilities at the Quitman High School. However, good facilities alone will not make a good school. Good teaching and outstanding leadership on the part of the school in various areas of our society contribute much to the development of human resources and good citizenship.

In education, as in business, industry, and medicine or any other field of human endeavor, one cannot use the tools of yesterday to do today's job and be in business tomorrow. The school is the only agency in our complex society that can provide a solution to our problems and maintain our freedom.

J. D. Koonce

MR. C. W. ASWELL, Principal of Quitman High School

Principal's Message

Writing in your yearbook is an arduous task. To know what is best to say is most difficult, but to each of you I wish every success.

Education is a continuing process and in this age in which we are living a very necessary part of the preparation for life. One of the greatest responsibilities of the school is to equip its students to live in a democratic society and to assume their role as good solid citizens fully capable of distinguishing between conflicting ideologies.

I sincerely hope your experiences here will help you to meet these challenges.
